- Wait for the projection system to warm up before selecting an input.
- Log on to the Desktop PC with your **Tufts Username and Password** in order to easily access your P-Drive, or log on with the following Username and Password:

```
Username: 
Password: 
```
- Press the button labeled **Desktop PC** to project from the classroom computer.

Project using a VGA connection
- Press the button labeled **Laptop “VGA”**.
- Plug the blue, 15-pin connector into your computer’s VGA port. Plug the attached audio connector into the headphone jack.
- You may need to supply your own adapter.

Project using a Display Port
- Match the display port cable extending from lectern with the port on your laptop.
- Press either **Display Port** or **Mini Display Port** using the Touch Screen dependent on your computer’s display port size.
- Plug separate audio cable into laptops headphone jack.

Project using HDMI
- Plug the HDMI cable extending from the lectern into your computer.
- Press the button labeled **AUX “HDMI”** on the Touch Screen.

Note: The connections in this column may require you adjust the video settings on your computer in order to see the screen projected.
Project using a Document Camera

- Locate the document camera on the shelf next to the lectern.
- Press the **power button** on the camera to turn the lamp on.
- Press the button labeled **Document Camera** on the Touch Screen.

**Note:** The Blu-Ray player can play all types of DVDs except HD-DVDs.

- Insert your Blu-Ray disc into the Blu-Ray DVD player.

- Press the button labeled **Blu-Ray DVD** on the Touch Screen.
- Use the navigation arrows on the Touch Screen to playback your video and access the DVD menus.

Project using the Blu-Ray DVD player

- Use the navigation arrows on the Touch Screen to playback your video and access the DVD menus.

Project using the VCR

- Insert a VHS tape into the VCR combo player and press **VCR** on touchscreen.
- Use the playback buttons on the Touch Screen to rewind, fast-forward, stop, pause, and play the video.

Turning off the A/V system

- Touch the **POWER** icon in the top right-hand corner of the Touch Screen.
- Confirm your choice on the next screen by pressing the button labeled **Yes**.

Classroom Audio

- The system volume control and mute button are located along the right-hand side of the Touch Screen.
- The microphone volume controls can be found by pressing the button at the top of the Touch Screen.

Please remember to POWER OFF at the end of your lecture!
