**Turning on the A/V System**
- Locate the Touch Screen on the lectern.
- Press the **POWER** icon in the top right corner of the screen.
- Wait for the projection system to warm up before selecting an input.

**Logging on to the Classroom Computer**
- Wait for the projection system to warm up before selecting an input.
- Log on to the Desktop PC with your **Tufts username and password** in order to easily access your P-Drive, or log on with the following username and password:

```
Username: 
Password: 
```
- Press the button labeled **Desktop PC** to project from the classroom computer.

*Note: The connections in this column may require you adjust the video settings on your computer in order to see the screen projected.*

**Projecting using a VGA connection**
- Press the button labeled **Laptop “VGA”**.
- Plug the blue, 15-pin connector into your computer’s VGA port. Plug the attached audio connector into the headphone jack.
- You may need to supply your own adapter.

**Projecting from a Display Port**
- Match the display port cable extending from lectern with the port on your laptop.
- Choose either **Display Port** or **Mini Display Port** using the Touch Screen dependent on your computer’s display port size.
- Plug separate audio cable into laptops headphone jack.

**Project using HDMI**
- Plug the HDMI cable extending from the lectern into your computer.
- Press the button labeled **AUX “HDMI”** on the Touch Screen.
Project using the Blu-Ray DVD player
- Insert your Blu-Ray disc into the Blu-Ray DVD player.

**Note:** The Blu-Ray player can play all types of DVDs except HD-DVDs.
- Press the button labeled Blu-Ray DVD on the Touch Screen.
- Use the navigation arrows on the Touch Screen to playback your video and access the DVD menus.

Project using the DVD player
- Insert your non Blu-Ray DVD into the DVD player and press DVD on touchscreen.
- Use the navigation arrows on the Touch Screen to playback your video and access the DVD menus.

Project using the VCR
- Insert a VHS tape into the VCR combo player and press VCR on touchscreen.
- Use the playback buttons on the Touch Screen to rewind, fast-forward, stop, pause, and play the video.

Turning off the A/V system
- Touch the **POWER** icon in the top right-hand corner of the Touch Screen.
- Confirm your choice on the next screen by pressing the button labeled **Yes.**

Classroom Audio
- The **system volume control** and **mute** button are located along the right-hand side of the Touch Screen.
- The **microphone volume controls** can be found by pressing the button at the top of the Touch Screen.

Please remember to **POWER OFF** at the end of your lecture!
