

Cybersecurity Awareness Month Student Video Contest

TTS 2019 National Cybersecurity Awareness Month Student Video Contest

Create a video that shows off your cybersmarts

Sponsored by Tufts Technology Services (TTS), the 2019 Cybersecurity Awareness Month Student Video Contest encourages Tufts students to help promote cybersecurity awareness through video production building a library of student created content for use by Tufts to promote cybersecurity awareness.

Contest submissions should choose a related security awareness theme and create a short video to highlight this theme. [National Cybersecurity Awareness Month StaySafeOnline](#) themes may be used or [SANS Security Awareness Planning Toolkit](#) themes may be helpful.

Contest entry submission guidelines:

- The video must be an original work.
- Video entries should be 1-3 minutes in length maximum.
- Video quality should be 1080p or higher.
- Video should use captioning for accessibility
- A written release must be provided for each person distinctly featured or involved in the production of the video.
- Students may submit more than one video entry.
- By submitting a video entry, the creators authorize use by Tufts as part of our security awareness campus efforts.
- Entries will be accepted through **11:59 PM ET Oct. 22th**.
- Video entries can be shared with TTS via Tufts Box in a separate folder labeled with student submitter last name and school/class of XXXX (e.g, Jane Smith, AS&E/2020) and/or by emailing them to Christine Fitzgerald at Christine.Fitzgerald@tufts.edu

Video content must NOT:

- Promote illegal behavior.
- Discriminate against or support individual prejudice towards others along ethnic, racial, religious, or sexual ground.
- Invade the privacy of any person.
- Support or oppose a candidate for elective office or advocate for the passage or defeat of legislation or a ballot measure.
- Use inappropriate or obscene language.

Prizes:

The winning video(s) will be featured in an article at Tufts and shared on TTS' YouTube Channel. The top 3 videos will receive a \$200 Amazon Gift Card and any student who submits a video will receive a token participation prize (i.e. webcam cover)
