

Tufts Technology and Information Policy

Purpose: This Policy provides for the Chief Information Officer to adopt and approve Standards, Baselines, Procedures, Protocols, Guidelines, and other Supporting Documents to comply with legal requirements, agreements, frameworks, standards, ethical principles, and to govern information, data, and technology that is owned, held, operated, or maintained by Tufts.

Scope: This Policy applies to the entire Tufts community, including employees, faculty, students, researchers, and any others who access Tufts' technology or information.

Policy Statement: The Chief Information Officer may adopt any Supporting Documents relating to the Purpose and within the Scope of this Policy.

Policy Owner: Chief Information Officer

Review Cycle: Annual
